

WASHINGTON COUNTY  
NORTH CAROLINA  
CEMETERIES

1769-1997

Transcribed & Edited by: Veronica Haskett  
Typed & indexed by: Marion Everett

VOLUME I  
PLYMOUTH TOWNSHIP

## FORWARD

This information was transcribed from all of the tombstones of Washington County that could be found. Additional information included was found in court house records, Bible records, church records, obituaries, personal knowledge from county residents and from my genealogical files.

In the event that the courthouse dates and tombstones dates differ, both will be included. Spouses, parents and children will accompany the deaths when available. At times only some of the children will be listed if that's all I had on file.

This completed work will be in four separate volumes. Each volume will contain an entire township of Washington County graves.

Following each cemetery, note additional burials for the cemetery through 1997 will be included. This will only contain information from my files. Deaths taken from Roanoke Beacons that didn't state where the burial would take place, will not be included.

I'd like to acknowledge special thanks to everyone who helped with this work. My husband, Moody Vance Haskett, certainly gave me his time, understanding and support through this entire project. Stanley West gave me extreme help with the Plymouth area, Ronnie Pritchett, with the Creswell area and Vernon Everett with the Roper area. Words could never express my appreciation to Marion Everett for retyping and indexing this cemetery work. With special help from Harry Lewis Thompson and Dow Jones, this work has finally reached publication.

If I can possibly be of help to anyone in the future, please feel free to contact me. May this work be an enjoyment to study and hopefully you can learn more about your Washington County roots.
